TRIO QUIZZED BY COPS; THEN ROB STATION

Borough police said today that three local youths, aged 14, 16 and 17, Thursday admitted to the Wednesday night burglary of the Floyd Miller service station on Buford Ave.

The two older youths were placed in detention awaiting a hearing before juvenile court and the 14-year-old was released in custody of his parents pending the same hearing.

Police said the three broke into the service station about 90 minutes after they had left borough police headquarters here.

According to the officers the three were "picked up" for questioning Wednesday evening concerning the burglary of soft drink vending machines in the area.

The officers said they determined the three had a key to the vending machines in their possession.

At 8:30 o'clock Wednesday night police released the youths pending further investigation into the soft drink thefts.

The trio apparently left the police office, wandered about and then about 10 o'clock decided to burglarize the service station.

Police said they have now admitted the soft drink machine thefts.

Blossom Peak This Weekend

The Gettysburg Battlefield should be at its best this weekend, National Park Superintendent James B. Myers said today.

The warm weather has "hurried" the dogwood and as a result the white blossoms of the dogwood should be nearly at their peak this weekend while the redbud will still be near their peak.

The situation occurs only every few years when weather conditions are ideal. Normally the redbud opens before the dogwood is at its peak.

Protests Against Turkish Strongman Regime Spread

ANKARA, Turkey (AP) — Student demonstrations against the strongman government of Premier Adnan Menderes spread to Ankara today. At least 30 persons were injured in a violent clash between university students and the police.

Spurred by the example of Korean students who led the successful revolt against President Syngman Rhee, some 10,000 students and others rioted Thursday in Istanbul, the nation's largest city. Unofficial reports said police fire killed four persons, but the military commander of Istanbul denied this.

Although martial law was proclaimed in both Istanbul and Ankara, 4,000 students sang Turkey's independence anthem assembled on the Ankara University grounds today to demonstrate in support of the Istanbul rioters.

Three hundred mounted police charged into the students as they started to march away from university grounds, singing in praise of ex-President Ismet Inonu, the leader of Menderes' chief opposition.

PARK SERVICE WILL REMOVE WENTZ HOUSE

The National Park Service today announced it plans to sell the Wentz house on the battlefield for removal from its site on the Emmitsburg Rd., near the Peach Orchard.

James B. Myers, park superintendent, said sealed bids will be opened for the structure on May 16 at 1 p.m. at the park office in the post office building.

The park service has decided to dispose of the building because it is neither the original house that was on the site nor on the same locations as the house around which soldiers fought in 1863.

To Place Marker

In addition, he said, the structure, erected in 1885, has reached the point where it is no longer practical to repair it for habitation.

The original Wentz house was a log cabin and located a short distance from the present structure which consists of an original house and a lean-to addition at the rear, plus several outbuildings.

Plans of the park service call for the placing of a marker showing the original site of the log cabin structure known as the Wentz House during the battle.

Persons who may be interested in placing bids for the structure and outbuildings which can either be removed intact or dismantled and removed may obtain blanks for the bids at National Park office.

MAY RESTORE LOCAL CHURCH TO '63 LOOK

The new Building and Development committee of the Presbyterian Church here issued an appeal today to church members and to the community generally for any pictures or written information about the church since its erection more than 100 years ago.

In an appeal issued today with the church's weekly news letter, it is explained that the committee "is increasingly aware of the importance of the historical aspect of our church in relation to our community and the nation."

"The committee arranged to have a representative of the National Trust for Historic Preservation of Washington, D. C., come and study the sanctuary unit of our church and make an evaluation." As a result of that evaluation the old photos and data are sought and special urgency is being directed to finding photos of a balcony that once was erected across the west end of the sanctuary. The church contains a Lincoln pew and was used as a battle hospital in 1863.

A committee spokesman said the material is being sought so that the committee can determine (Continued On Page 7)

First Of Three Excursion Trains Arrives Saturday

More than 3,000 excursionists, mostly from the Philadelphia area, are expected to visit Gettysburg in three "Iron Horse Rambles" arranged by the Reading Railroad during the next week.

On thousands are expected to be on the first train, coming here Saturday afternoon at 2:50 o'clock. The steam locomotive and the 16 car train will be met by members of Company K of the North-South Skirmish Association and their ladies in Civil War costume on Railroad St. between Carlisle and N. Washington Sts.

Adams County's Apple Blossom Queen and her court will join the group at Gardeners.

The visitors will be given two choices. They may go to the press room of the Hotel Gettysburg to view the film "A Story of Gettysburg" produced by the Travel Council and Chamber of Commerce. Those who wish to walk will be escorted to the National Cemetery where park service officials will outline briefly the story there and a salute will be fired by Company K.

Sunday afternoon at 2:50 o'clock a similar program will be held for the second excursion. The Pennsylvania Brigade, Sons of Union Veterans Reserve rifle and drum corps from Harrisburg will play at the welcoming and lead the procession to the cemetery.

The third excursion will arrive at the same time Sunday May 8 for a similar program.

Arrangements for the local programs were made by the Adams County Fruitgrowers Association and the Gettysburg Travel Council.

A pumpmer from the Gettysburg Fire Department will fill the steam locomotive with water each time it arrives here. Because steam locomotives are no longer used by the railroad, all water towers have been removed and the only way the engine can refill its tanks is by means of the pump on fire engines.

President Eisenhower plans to come here Saturday morning. If the weather permits, he will make the trip by helicopter.

MEADE PTA SELECTS ITS NEW OFFICERS

Howard Miller was elected as the new president of the Meade School Parent-Teacher Association at a meeting Thursday evening at the school with the retiring president, Dr. Frederick Wentz, presiding.

The president and these other officers were installed by John C. Stahle, a former president of the Gettysburg PTA: Vice president, Mrs. Robert Koons, and secretary-treasurer, Mrs. Douglas Boden. Mrs. Richard Altemore was chosen as representative to the county council of PTA groups.

The election followed presentation of a report by a nominating committee that included Mrs. Charles Coffman, chairman; Mrs. Daniel E. Teeter and Mrs. Elmer Schriver.

A panel discussion on "Forewarnings of Delinquency" was conducted with Mrs. Julius Swope as the moderator and these panel members: the Rev. John Bishop, assistant pastor of St. James Lutheran Church; John Keller, Meade School principal, and Chester A. Hilger, recreation director in Gettysburg.

In the talks and the discussion that followed it was brought out that hasty judging of delinquency often are due to rejection by some person of importance to the youngster. Efforts were made to define delinquency and it was noted that social environment is more often the cause of a youngster's difficulties than a willful effort to do wrong.

The importance of planned recreation was urged as a deterrent to delinquency and Mr. Hilger suggested that placid watching of television by an active, growing child is not as beneficial as more active forms of recreation. He also suggested that periods of planned recreation might well be planned in elementary schools.

Trial To Oust Hoffa Will Begin Tuesday Says Court

WASHINGTON (AP)—U.S. Dist. Judge Joseph R. Jackson today ordered a trial beginning Tuesday of civil proceedings aimed to oust James R. Hoffa as president of the Teamsters Union.

Jackson denied a motion by Hoffa's attorneys that he throw out the proceedings.

Hoffa's attorneys immediately announced that they would go to the U.S. Court of Appeals in a new attempt to avoid the trial. Other motions to forestall the trial already are pending for decision before the appeals court.

The proceedings against Hoffa are based on a contention that he misused union funds. They were brought by court-appointed monitors who contend Hoffa used some \$600,000 of Detroit Local 299 Teamsters' funds in various personal business enterprises.

One enterprise was a Florida real estate development in which Hoffa originally had a 45 per cent ownership.

In arguing the proceedings should be thrown out, Hoffa's attorneys contended that the courts have no power to remove him and that this is a privilege entirely

STORY BACK OF GAR MEMORIAL IS RECOUNTED

How a 2nd New York Cavalry marker became a memorial to the men from Adams County who died in the Civil War was told Thursday evening by F. Harmon Furney, local battlefield guide and post office employee, at the meeting of the Gettysburg Civil War Round Table at the GAR rooms, E. Milled St.

"Members of Corporal Skelly Post No. 9, the local Grand Army of the Republic unit, decided on January 19, 1885, that there should be a monument to the memory of the Adams County soldiers who died or were killed in the United States service from 1861 to 1865."

"A committee comprising seven members of the post and six prominent local citizens including David Wills who had brought about establishment of the National Cemetery, plus the heads of the local newspapers, was appointed to seek funds for the monument."

"They placed an appeal for funds in the papers and 'This appeal meeting with no encouragement from the citizens of the county, the committee let the matter drop and nothing more was heard from it as an organized body.'"

"Two years later the GAR members tried again. January 3, 1887, a second committee was appointed. The town council agreed to provide a plot 40 feet in diameter in the center of Lincoln Square as a site. Plans were secured for a \$3,000 marker. An appeal was sent all prominent men in the county and placed in all county papers. Committees to solicit funds were established throughout the county. Two entertainments (Continued On Page 2)

Also scheduled for trial is an action in trespass, part of which was previously decided in the U.S. Middle District court.

The action is brought by John L. and Kathleen S. Fitz, Orrtanna R. 1; the Gettysburg National Bank as executor of the will of Dwight L. Strausbaugh for the benefit of the widow, Charlotte W. Strausbaugh, and children, Dwight L. Strausbaugh Jr. and Kathleen S. Fitz and the bank as executor for the estate, against Cleveland L. Flesham and Dixie Plywood Co. of Washington, D. C.

The President's son, discussing the plight of people in certain foreign countries declared, "It is obvious that we will have to use all the imagination that we have to help the people to help themselves."

"What these countries need," he said, "is moral support."

were held in the Opera House and a profit of \$100 was realized. Ten dollars were received from the widow and daughter of a Civil War soldier. One local veteran who had moved to Kansas sent \$5.

"And that was it," Furney related. "Not one cent was received from any of the committees appointed nor from any of the citizens to whom the appeal had been mailed."

Bought Discarded Monument
"Four years later, July 6, 1891, the post learned that a monument had been shipped here to mark the location of the 2nd New York Cavalry. The cavalry organization didn't like the monument and decided to sell it and secure another marker. The local GAR decided to buy the second hand monument from the cavalrymen and use it for Adams County's marker."

"The post also decided to pay the entire cost themselves, with the exception of the \$115 previously secured, and place the marker in front of the post home rather than on the square."

"Member J. W. Flaherty cut the names of the 178 Adams County men who had died in the Civil War on the monument and it was dedicated February 22, 1892, seven years after the monument was proposed."

Elect Shoemaker
Furney said: "The support given by the county toward the erection of the monument to honor the Adams County men reminds me of the support given by counties to preserve the battlefield and erection of a Lincoln statue here. But the county soldier dead got a good monument eventually, even if it was second hand, and I hope that our drives today will also prove successful eventually."

William G. Shoemaker, vice president of the Round Table for the last year, was elected president to succeed Dr. Harry W. Pfanz. F. Harmon Furney was elected vice president; John K. Weitzel, secretary, and George Oelinger, re-elected treasurer. Elected as member of the executive board in addition to the officers were Past President Pfanz, G. Henry Roth and Dr. Frederick Tilberg.

De Gaulle Near End Of U. S. Visit

NEW ORLEANS, La. (AP) — Charles de Gaulle, President of France, turns today from world politics to the lowly crayfish while creole cooks try to convince him they have improved on French cuisine.

The comparison comes to the 69-year-old French war hero at one of those elaborate luncheons for which New Orleans is famed in this country.

A few hours later, De Gaulle catches a jet for three stops in the Caribbean before returning to Paris.

With proper modesty, hotel chefs termed today's luncheon "nothing elaborate" — perhaps in deference to the French President's simple food tastes.

GEORGE ALLEN IN TRUMAN'S 'DOGHOUSE'

By FRANK CORMIER

WASHINGTON (AP)—George E. Allen, the "friend of presidents," is in Harry Truman's doghouse.

Allen, once a close friend of Truman and now an intimate of President Eisenhower, was described today by Truman as a "fixer" and a man who "would do anything to suck in."

Allen, reached by telephone in New York, said he had "no comment at all" on Truman's remarks.

Truman made his comments during an early morning stroll with reporters. When a newsman asked if Truman had had any contacts with Allen since leaving the White House, the former president snapped, "No, sir."

On "Palace Guard"

Truman added that he had seen Allen once in the past eight years, at the funeral of former Democratic Postmaster General Frank Walker in New York City.

"Allen came up and slapped me on the back and said, 'Howdy, Mr. President,'" Truman related. "I said 'I thought you were down in Washington.' That's all that was said."

When one young reporter asked Truman to identify Allen, Truman said Allen was referred to as "one of my palace guard," and a "poker-playing crony." Now, Truman said, Allen is "an industrialist and statesman and bridge partner" of Eisenhower.

Allen was a friend of Franklin D. Roosevelt and quickly became a member of the inner circle during the Truman administration.

JAIL DRIVER IN CRASH; 12 DIE

NEW BRUNSWICK, N.J. (AP)—Roscoe Poe, the truck driver in the North Brunswick bus crash which killed 12 people, was sentenced to a year in jail today and fined \$1,000 for causing death by motor vehicle.

Middlesex County Judge Klemmer Kaltefleiter said he felt compassion for Poe, who lost a leg in the accident, but believed it was necessary to impose a sentence which included a jail term. He sent Poe to the county workhouse.

Eleven Trenton state college coeds and a professor were killed last Oct. 9 when their bus was rammed by a truck Poe was driving. The tragedy took place on Rt. 1 in North Brunswick.

Poe, 54, of Brooklyn, N.Y., pleaded no defense to the charge on March 25.

"THE LONELY HEART"

The lonely heart beat with a sigh... so all alone and blue... for it had lost a special love... a tender one and true... the lonely heart refused to smile... it could not find the sun... because it seemed like everything... was over with and done... the songs it heard were plaintive ones... there wasn't room for cheer... to think this had to happen... to a heart warm and sincere... time passed, and soon the pain was eased... time played its part quite well... recalling just the happy times... before love's castle fell... now things are looking differently... no longer is life art... I know of what I write about... I was the lonely heart.

BIG HOUSING BILL BEFORE SENATE TODAY

WASHINGTON (AP)—A billion-dollar housing bill threatened with a presidential veto was the Senate's problem today.

The House passed it Thursday, 214-163, a substantial vote still below the two-thirds that would be needed to override a veto by President Eisenhower.

Much of the debate was on partisan lines, foreshadowing efforts to make a presidential campaign issue of housing and mortgage costs.

Republican House Leader Charles A. Halleck of Indiana has predicted a veto, saying the bill will never become law in its present form. Its major feature is authorization for the use of as much as one billion dollars to purchase at par mortgages insured by the Federal Housing Administration or Veterans Administration.

Proponents said this would increase the mortgage money supply, giving both home owners and building industry a break.

Opponents said there was no shortage of lending money. They contended only some builders and lenders would be helped by the legislation, while the government would be set back in its budget-balancing efforts.

THREE KILLED BY TORNADO

OKLAHOMA CITY (AP)—A farm family of three was killed by an isolated tornado that spun in on their home Thursday night, Seminole County officers said today.

A spokesman in the sheriff's office said a motorist had come across the scene early today. Details of the tragedy were not immediately known. Earlier, an Oklahoma City man died of a heart attack at the peak of the storm which contained tornadoes that churned straight down a 50-mile stretch of central Oklahoma.

The twisters were first reported over Anadarko before sundown and last reported over Oklahoma City. The farm family reported killed by the twister lived three miles west of Cromwell, 70 miles southeast of Oklahoma City.

Lloyd Walters, the heart-attack victim, died as his house was damaged by wind.

STOCKS IRREGULAR
NEW YORK (AP)—The stock market staged a slight recovery early this afternoon from Thursday's sharp setback. Trading was moderately active.

The improvement was irregular. Advances of fractions to about a point among pivotal issues outbalanced losers in the same range.

The market was mixed at the start, holding at about the level of the previous close when a late rally cut some of the sharpest losses of the day. Buying support came in slowly to put the list generally on the plus side.

CHESSMAN PLANS FINAL TALK TODAY

SAN QUENTIN, Calif. (AP)—Caryl Chessman prepared for a "final talk" with two of his attorneys today on what more can be done to prevent his execution in the gas chamber, scheduled for 10 a.m. Monday.

The attorneys, A. L. Wirin and Rosalie Acher, got nowhere with a new plea to Gov. Edmund G. Brown in Sacramento Thursday. They will meet with Chessman at 1 p.m. today.

Brown told them that he stood firm on his statement of last Tuesday—that he is powerless to act unless there is some unexpected development of a critical nature. None is in sight.

Expect Same Thing
Nevertheless, Wirin told reporters, "We are confident that when all the chips are down the governor will do the same thing he did last time." The last time was Feb. 19, when Brown granted Chessman a 60-day reprieve.

The governor said nothing to give him that impression, Wirin admitted. Plans for the execution went ahead.

Warden Fred Dickson of San Quentin said no visitors but attorneys of record for Chessman would be allowed on the prison grounds Sunday night, the eve of the execution. Newsmen had been admitted in the past.

Missed Dates
The governor's office announced it would flash the word when the death-dealing cyanide pellets are dropped in the gas chamber. Newsmen at the viewing area in the prison aren't permitted to leave until the execution is over.

Chessman was sentenced to death in 1948 for kidnapping for robbery with bodily harm. He was convicted of being Los Angeles' "Red Light Bandit."

He has been on San Quentin's death row for nearly 12 years, successfully fighting off eight execution dates.

First Stage Play Leads To Riches

NEW YORK (AP)—How to make money with your first play on Broadway? Playwright Leonard Spigelglass has found out the pleasant way through his stage comedy, "A Majority of One," which stars Gertrude Berg and Cedric Hardwicke. It has just celebrated its first birthday at the Barrymore Theater.

The gross at the box office for the first 52 weeks is well over two million dollars. And Warner Studios have paid an additional \$500,000 for the screen rights.

Spigelglass has written about 75 movies, but "A Majority of One" is his first stage play. He got the idea for the plot when he was going to Tokyo to get atmosphere for one of his movies. He met a Jewish widow, also from Brooklyn, on shipboard. Out of their conversations grew the bonanza stage play.

Rare Fish, Huge Bat Are Valued Pets

KENILWORTH, N. J. (AP)—Jack Birgel runs a pet shop but says he has two personal pets that are not for sale.

One of his prize possessions is an albino lung fish, native of Africa. The other is a giant fruit-eating Indian bat.

The fish, about 28 inches long, is said to be one of only six ever found and one of the two live ones known to be in existence. Birgel values it at about \$1,000.

The bat, which has 30-inch wingspread, consumes its weight in food daily. Birgel says he has been able to train it and has given it the freedom of the house.

Club's New Member Has Her Problems

DES MOINES (AP)—A woman who moved to Des Moines from a small town in Missouri joined a club for stout persons—not because she's overweight, but because she was lonely and wanted to make friends.

"I had the feeling," she explained, "that fat people are jolly people and would make good, new friends. But the funny part of the story is that I've lost 12 pounds; I don't want to lose any more, and I don't want to quit the club, either."

Claims Finding Ruins Of Wicked Cities In Dead Sea

AMMAN, Jordan (AP)—A Baptist missionary-explorer believes he and three other American divers have found the wicked Biblical cities of Sodom and Gomorrah on the bottom of the Dead Sea.

Dr. Ralph E. Baney of Kansas City, Mo., in an interview Thursday night told of finding extensive underwater remnants of a civilization that flourished 4,000 years and then was inundated, apparently after an earthquake.

He said he and his divers found a levee 15 feet wide and 8 feet high under the waters of the inland sea between Jordan and Israel. The levee ran from a southwestern point of the Lisan Peninsula due west for two miles.

Collapsed By Quake
The levee, he continued, in Biblical times kept the salty waters of the sea from flowing into the fertile plains to the south. He believes an earthquake collapsed the levee, and the sea engulfed the plains behind it.

"We have located two cities un-

der the Dead Sea water which are believed to be the two lost cities of Sodom and Gomorrah," Baney said. "One of these cities we have located in the Lisan Peninsula Bay. The other is due west of the northern point of the Lisan Peninsula."

The Bible says the Lord rained down fire and brimstone to destroy Sodom, Gomorrah, and the neighboring cities of Adama, Seboin and Bala (later called Segor) for the vices of their inhabitants. Angels led Abraham's nephew, Lot, his wife and two daughters out of Sodom to spare them, but Lot's wife looked back and was turned into a pillar of salt, according to the Bible story.

Baney has been exploring the sea bottom since early February with Viola Conway of Kansas City, Mo., and Mr. and Mrs. Dean Ryther of Kansas City, Kan.

Baney is executive director of the Christian Approach Mission, which runs an orphanage in Bethlehem.

The Young Men's Bible Class of Redeemer's United Church of Christ met on Wednesday evening at the church. The session opened with the showing of a colored film on "Hawaii."

President Elmer W. Gall presided and heard the report of Secretary Norman J. Hahn. The following committee was appointed to secure information on the purchase of a floor waxer and report at the May meeting: Monroe J. Staveland and Richard D. Thomas. There was a discussion on donations to the church organ fund. It was decided that on Saturday, May 7, the class will go to the summer cottage of Mrs. Warren R. Jones, near Caledonia, to render general clean-up services in return for the donation of greens to the class every year at Christmastime. The class is making preliminary plans to publish a congregational birthday calendar.

The steering committee for this project consists of John W. Hankey, Richard Thomas, Clayton L. Evans, P. Bernard Weaver and President Gall.

An invitation was accepted to hold the next meeting on Wednesday, May 25, at the summer cottage of David E. Greason. The hosts will be the Messrs. Greason, Thomas and Hankey. At the conclusion of business, refreshments were served by C. Moss Morehead Jr., Dr. Richard M. Phreaner and Atlee F. Rebert.

Easy Moving
Moving, should they be transferred, would be comparatively inexpensive: 75 cents a mile, and everything—yard furniture, washing machine, barbecue—would go along in the house on wheels.

There is less housework in a trailer, Joan notes, and a more relaxed way of living.

"It's like you're camping out," says Joan, "because there is no feeling of permanency."

The disadvantages are that you live awfully close to neighbors, and trailers aren't so well insulated as houses or apartments. Another disadvantage is that trailerites move so frequently that you seldom get very well acquainted with neighbors.

Every trailer dweller—and the Keavys are no exception—dream of bigger, two-or-three-bedroom trailers.

"I don't think I want to invest any more money in a house on wheels," says Mike. "But, look at that two-bedroom beauty across the street!"

The owner of that beauty is a plumbing contractor, who drives a Cadillac to work. But from the Keavys' bedroom window they see an 18-foot camping trailer—worth perhaps \$400, if painted—whose owner goes to work on a motorcycle.

Wedding Gown To Be "Monastical"

NEW YORK (AP)—Princess Margaret's dress for her wedding next Friday will be "monastical" in its simplicity, with no embroidery and no decoration, the Women's Wear Daily said today in a London dispatch.

The trade newspaper said it had learned from a source close to Buckingham Palace that the future Mrs. Antony Armstrong-Jones wants a fitted waist.

She reportedly ordered a white silk organdie dress with very modest V neckline and three-quarter length sleeves. The skirt is slightly full, forming a short train.

Princess Margaret has selected from the royal family jewels a hinged diamond diadem to wear with a classical tulle veil, the newspaper said.

"Walking Man" Is Saddened By Term

SAN DIEGO, Calif. (AP)—"I've become such an oddity," said Dr. Orrin E. Klapp, sociology professor at San Diego State College, "that children call me the walking man."

He walks the two miles from his home to the college each day instead of riding in his automobile. He feels that "it is sad in a way" that this should make him seem different.

File Counter Claim

The portion of the various counter suits is the counter claim, of Dixie Plywood against the Gettysburg National as executor of the will of Mrs. Strausbaugh. Also scheduled for trial is the action in replevin with bond brought by Motor Insurance Corporation, New York, against Hilly Rife Used Cars Inc., New Oxford. Motor Insurance claims a station wagon was stolen in Montreal, Canada, and became its property when it paid the insurance claim. The vehicle, according to Motor Insurance, later was purchased by Hilly Rife Used Cars and was in its possession when located.

An assumption action scheduled for trial is the one brought by Louis Karmatz, trading as Universal Food Co., of Harrisburg, against Zeigler Brothers Feed Mills Inc., Gardners. Karmatz claimed he entered into an agreement with Zeigler Brothers to make 500 tons of fish food pellets for him and the Gardners firm refused to make the last 373 tons.

Today's Talk

RIGHT WHERE YOU ARE
Your chance is probably right where you are—not a mile or a year or more away. And the measure of your final achievement is going to depend upon how you realize your ability as it is now—and work it out to a worthwhile end.

Day dreams are all right—providing they are all dreamed out at night time! The job ahead may look attractive and inviting. But the task at hand is always the most important. Do that—then pass on to the next. Many big things of the earth are done by men and women right where they are!

If you want to get happy, see what you can do to make the ones nearest you happy. If you want to learn, look into the things about you and see what you can find. There is always knowledge around. Ideas are always asleep—until awakened by a lively mind. And there are dozens of ideas—right where you are. Show them the day!

Right where you are is a human being of fathomless worth, awaiting development. Until your own life is supreme and perfect, there is work to be performed that will demand your deepest thought and effort. Until your city will be things to do at home!

And always remember that better individual lives and cities make better everything. It isn't where you live or work—it's what you do that counts!

Tomorrow Mr. Adams will talk on the subject: "Enjoy Many Interests"

Just Folks

NOT WORTH WHILE
I heard a grouch the other day
Denouncing everything in sight.
Nothing he found upon his way
To him was just exactly right.
He merely grunted when we met,
And seemed a pompous elf.
I said unto a friend: "I'll bet
That fellow hates himself.
My scorn for him I cannot hide;
I'm mild, but cannot go him."
"Oh, don't say that," the friend replied,
"He's all right when you know him."

"I've roamed about this world a bit"
I answered there and then,
"The dusty trails of life I've hit
And met a lot of men,
And most of them were big and fine;
But take it now from me,
The chap who always has a whine
And thinks somehow that he
Was born to stand upon a hill
With all the world below him,
Can trot along, I never will
Try very hard to know him."

B&O MERGER TALKS GO ON

BALTIMORE (AP)—The president of the Baltimore & Ohio Railroad has disclosed that exploratory talks on the possibility of a merger of the three major railroads in the East have been going on for two years.

Howard E. Simpson Thursday night confirmed that "informal discussions" have been in progress for two years among officials of the three big railroads—the B&O, the Chesapeake and Ohio and the New York Central.

He said the discussions were continuing in a general way "and I have nothing concrete to say at this time."

Earlier in the day there was talk of possible railroad mergers at a stockholders meeting of the Chesapeake and Ohio Railway at Williamsburg, Va.

Walter J. Tuohy, president of the C. & O., told the stockholders at Williamsburg that "130 railroads in America are too many," and said his company was looking at a couple of merger possibilities.

But, he said, the C&O "would not undertake a merger just to be married" to another railroad.

American Flyer Sentenced To Death By Indonesian Judge

JAKARTA, Indonesia (AP)—Alan Lawrence Pope, American flyer of fortune, today was sentenced to death for fighting against the government in Indonesia's 1958 rebellion.

An Indonesian air force judge convicted the 31-year-old pilot from Miami, Fla., of carrying arms for the rebels, killing 17 forces and flying bombing and strafing missions in the uprising against President Sukarno.

Pope showed no emotion as Lt. Col. Sardjono, the judge, pronounced the death sentence.

The judge gave him a week to accept the verdict or appeal to a higher court. If the flyer accepts the verdict, the judge may ask Sukarno for a pardon.

Pope admitted flying for the rebels but insisted he flew only one attack mission — "The others were test and patrol flights."

Pope's World War II B26 bomber was shot down near the government-held port of Ambon on May 18, 1953, at the height of the revolt. He bailed out, injured his right leg on landing and was captured.

1 KILLED, FOUR HURT IN CRASH

LANCASTER, Pa. (AP) — An auto crashed into a tree Thursday night on the New Danville Pike near here, killing one youth and injuring four others. All were 17.

James Lawrence, of Lancaster, died in St. Joseph's Hospital early today of injuries suffered in the crash.

One of the injured, Thomas Rohrbach, of Nessville, was trapped in the car a half hour as it teetered on the edge of a bank over Conestoga Creek. Passing motorists stopped and held the car from going over the bank until Rohrbach was freed. He was admitted to St. Joseph's Hospital in serious condition with two broken legs.

Admitted to hospitals in satisfactory condition were Wale M. Rost, Lancaster, the driver, and Herbert C. Brubaker Jr., and Kenneth A. Kiehl, both of Nessville. All three suffered cuts and abrasions.

Police quoted the boys as saying they were just taking a ride. Officers further quoted Rost as saying he was traveling about 35 to 40 miles an hour near a curve when the auto suddenly ran out of control.

Want PUC Order To Turn Gas Off

McKEESPORT, Pa. (AP) — A United Steelworkers local wants the Public Utility Commission to regulate the shutting off of gas and electricity because of unpaid bills.

President Anthony Tomko of Local 1408 said a resolution passed Thursday night would require utilities to shut off gas or power.

The resolution stemmed from the shutting off of gas to homes during cold weather last winter, Tomko said.

Asks Protection For Investments

CLEVELAND, Ohio (AP)—The nation must protect individual savings and the investment process if it is to grow economically, a leading steel executive declared today.

Robert C. Tyson, chairman of the Finance Committee of U. S. Steel Corp., told the Chamber of Commerce that only in this way can new tools of manufacture and new self sustaining jobs be created.

He said a new job comes into existence "when someone, somewhere, invests savings to provide the tools of production with which men may go to work producing the marketable values to cover their continuing wage and investor's profit."

OFFERING TRIP TO CONVENTION

HARRISBURG (AP) — High school seniors throughout the county have an opportunity to compete in an oratorical contest for an expense-paid trip to the Democratic national convention at Los Angeles in July.

Roy A. Schafer, national president of the sponsoring Young Democrat Clubs, said Thursday, the theme of the contest is "Why We Should Elect A Democrat As President In 1960."

The winner will deliver his oration at the convention over a national television hookup.

On the state level Schafer said, each county will select a winner. Each will receive a \$25 prize. The county winners will participate in six district competitions for the state final at Harrisburg and a \$50 prize. The state winner will receive an expense-paid trip to the national elimination contest.

Runners-up at the national contest will receive cash prizes, Schafer added.

Schafer, legislative secretary to Gov. Lawrence, is a resident of Gettysburg.

\$250,000 BLAZE IN GREENCASTLE

GREENCASTLE, Pa. (AP) — A fire caused an estimated \$250,000 damage Thursday to a plant of the Grove Manufacturing Co. in nearby Shady Grove, Franklin County.

Fire Chief John Conrad said the blaze started in a huge paint tank, apparently caused by a spark from machinery in the concrete block fabricating shop.

Firemen from five nearby communities prevented the blaze from spreading to other structures owned by the firm which makes wagon bodies, farm equipment and auto trailers.

Forty employees left the building safely. There were no serious injuries, although several firemen suffered minor cuts and burns.

Extension For Station Wagons

HARRISBURG (AP) — Station wagon owners with commercial vehicle inspection stickers will be given until May 31 to get the regular passenger car inspection.

Commercial inspection stickers expire midnight April 30.

Under a 1959 law, station wagons are classed suburban for license registration and are required to have regular passenger car inspection stickers.

Revenue Secretary Charles M. Dougherty said Thursday that some station wagons which had been classed commercial under old law had not acquired the passenger car inspection. He said it apparently was the fault of inspection stations.

The inspection period for passenger cars begins May 1.

News Briefs

HARRISBURG (AP)—A station wagon crossed the medial strip of the Pennsylvania Turnpike near here Thursday, sideswiped a truck and ran into an embankment. Its driver was dead on arrival at a hospital.

An autopsy was ordered to determine if Jacob C. Waggoner, 5, of Harrisburg, had suffered a heart attack before the accident.

The truck driver, Robert Thompson, of Everett, escaped injury.

HARRISBURG (AP)—The State Revenue Department said Thursday a new drivers' examination course at West Chester, Chester County, will be dedicated at 3:30 p.m. Monday.

CLARK WILL FACE PROBERS

WASHINGTON (AP) — Dick Clark tells House investigators today about his activities as emcee of record-spinning programs and as a dealer in popular music.

Clark, 31-year-old favorite of the juvenile set, was instructed to appear before a House subcommittee which for months has been inquiring into the give and take of payola between song promoters and TV-radio disc jockeys.

In addition to his nationally televised (ABC) weekday American Bandstand and Saturday night shows, Clark reportedly once had an interest in 17 record and music companies. He is understood to have severed those connections some months back.

The subcommittee this week has received conflicting testimony from witnesses on whether Clark showed a tendency to favor songs in which he had a stake.

In advance of his personal appearance, several committee members said they were sure Clark had been involved in payola practices. Payola is a term for money or favors extended under the table to plug a song or product.

Solomon, Livelsberger Pitch-Bat Delone To 9-0 Triumph Over Warriors

Bill Solomon spun a two-hitter and his teammate "Chick" Livelsberger, first baseman, blasted two home runs, one with the bases loaded, as the Delone Catholic High School baseball team thrashed the Gettysburg High Warriors 9-0 here Thursday afternoon in a non-league game.

Solomon fanned 12 batsmen, walked four and yielded only singles to Bill Solomon and Terry Fox.

Livelsberger's first home run produced Delone's initial score in the third inning and was a blast over the right field fence.

Fred Murren's single, a triple by Mark Neiderer and an error produced two more Squire runs in the fourth.

Gets Five RBIs
Two walks, an error, double by Murren, single by Bernie Stuller and Livelsberger's second home run, this time with the bases loaded, produced six tallies for the visitors in the fifth which sealed the outcome. Livelsberger's blast came off the right fielder's glove and dropped over the fence. He drove in a total of five runs.

In losing their second game in six starts, the Warriors performed shoddily in the field, being charged with seven bobbles.

The Warriors will play at Biglerville in a South Penn League game Monday.

Delone, 3-2 as the result of three straight victories, plays at Hanover next Thursday. The Delone-Fairfield game scheduled today at Fairfield has been postponed.

Colonials in First Victory
 New Oxford High won its first baseball game after four reverses by nipping Dover 4-3 in a non-league game at New Oxford Thursday afternoon.

A run in the bottom of the seventh inning broke a 3-3 tie to give the Colonials their initial victory. With one out Bernie Wentz singled and went to second base on an overthrow. John Dutera broke up the game when he doubled Wentz home.

Dick Diehl, New Oxford hurler, limited Dover to but four hits. The Colonials collected 11 off two Dover pitchers, Dutera smashing a pair of singles in addition to his game-winning double.

New Oxford plays at Bermudian Tuesday in a county league game.

SMITH HITS WELL IN LEAD; WILL NOT STAY
 By CHARLES CHAMBERLAIN
 CHICAGO (AP) — Al Smith is hitting at a fantastic pace as the Chicago White Sox new leadoff man, but the 32-year-old outfielder doesn't know from day to day if he will keep the job.

Smith was given the No. 1 spot in the batting order Tuesday night at Kansas City. He hit a homer, a single, another single, a double and a single in five trips as the Sox won 8-0.

He was in the leadoff role again Thursday night, smashing three consecutive singles and scoring all of the Sox runs before being stopped in the seventh on a foul fly to the catcher. The Sox trimmed Cleveland 3-1 behind Billy Pierce's route-going five-hitter.

Hikes Batting Average
 In two games, Smith has upped his batting average from .136 to .355.

"I'll go along temporarily with Smith leading off, but I want to get (Luis) Aparicio back up there as soon as I can," said Manager Al Lopez. "Looie can't steal many bases batting eighth and I know I'm reducing the threat of his great running if he stays there."

"Aparicio, Smith and Jim Landis—all three are excellent lead-off men," Lopez continued. "When I managed Cleveland, Smith was in the No. 1 spot most of the time. In 1955 when he was leading off he had his best year, batting .306 with 22 homers and 77 RBI."

COLLEGE SOPH IN TOURNAMENT'S SEMIFINALS
 By KEN ALTYA
 PINEHURST, N. C. (AP)—Peter Green, a 19-year-old college sophomore more than Dr. Edward Updegraff, a urologist twice his age, and Glenn Johnson, onetime quarterback on the Michigan State football team, played Charles Smith in today's North and South American Golf Tournament semifinals.

Winners of the 18-hole contests meet over the 36-hole distance Saturday for the championship. Green, University of North Carolina soph from Franklin, Mich., scored a 20-hole victory Thursday over Dale Morey, former Walker Cupper and Western Amateur champion, from Morgantown, N. C.

Updegraff, of Tucson, Ariz., playing his first North and South, shot one under par golf, best effort Thursday in scoring a 4 and 3 victory over Jennings Randolph Jr. of Clarkburg, W. Va.

Charles Smith, 29-year-old partner in a Detroit insurance agency, steadied just when it appeared 47-year-old Bob Sweeney of Palm Beach might sneak by him.

Not a hole was halved in the first 10 as Johnson led by two. But he bogeyed the 13th and 14th holes to fall back even. Johnson then regained his touch on the par three 15th and 17th, winning both.

PICK JONES TO WIN TONIGHT
 BOSTON (AP)—Relentless, ring-wise Ralph (Tiger) Jones is favored to frustrate ambitious young middleweight Joe Denucci tonight in a 10-round fight at the Boston Garden.

For Jones who calls himself "The Old Warhorse," it will mark his 43rd appearance on national television (NBC), 10 p. m., EDT. In 10 years of professional boxing Jones has amassed a record of 49 victories, 28 defeats and four draws.

Denucci, at 20 a dozen years younger than his opponent, is a willing slugger with a 23-2 record. Significantly, Denucci's only losses were to seasoned campaigners Chico Vejar.

Tiger holds triumphs over Sugar Ray Robinson, Joey Giardello, Kid Gavilan, Johnny Bratton and Charlie Humez.

Odds favoring Jones have been quoted from 7 to 5 up to as high as 12-5.

Only One Title At Stake In Relays

PHILADELPHIA (AP) — Only one major championship will be decided today as the 66th annual Penn Relay Track and Field Meet opens its two-day stand on Franklin Field.

Penn State defends its distance medley title against stiff challenges from such standouts as Duke, New York University and Yale. The only other championship competition today will be trials in the 440 and 880-yard relays, the invitation 100-yard dash and the 120-yard high hurdles. Finals in all these events are scheduled for Saturday.

Most of today's program is devoted to the high school and secondary school lads.

D-Son Edges Bullets 7-5 IN LACROSSE
 The Dickinson lacrosse team avenged an earlier setback at the hands of the Bullets, by edging the Gettysburg stickmen, 7-5, Thursday afternoon on the losers' field. Gettysburg is 2-4 on the season including a 10-5 win over the Red Devils in Carlisle.

Dickinson jumped to a quick 3-0 lead at the end of the first period on goals by Barclay Surrick, John Devol and Bill Owens. Owens followed with another goal in the second quarter to give the visitors a 4-2 lead at intermission. Henry Abbott accounted for both Bullet tallies in the first half.

Dick Holzer went on to score a single shot while Ken Tholan rammed through two. Tholan and Wayne Yohe also received credit for Gettysburg's only assists.

Gettysburg will travel to Lancaster on Saturday to meet Franklin and Marshall.

BULLET FROSH TAKE OPENER
 Coach Gene Hummel's Gettysburg College freshman team inaugurated its baseball season with a thrilling 2-1 win over the Dickinson frosh here Thursday afternoon.

The Bullet yearlings crossed the plate once in each of the first two frames on a pair of singles by Ted Koerner and Jack Norwood's line safety over short. A walk and stolen base by Bob Sumas also figured in the scoring.

Dickinson's lone run came in the top of the fifth on singles by Carl Bankert of Littlestown, and Dick Kaufman plus an infield miscue.

Koerner and Norwood paced the Bullets with a pair of hits each while Dickinson received five scattered hits, two by Dick Ward. Bob Hinds and Jim Gould teamed on the mound for the victory while Paul Ostein started for the Red Devils and was relieved by Eric Margenau in the fourth and Bill Widmeyer in the seventh.

The Little Bullets will travel to Annapolis, Tuesday to tangle with the Navy Plebes.

Littlestown High's undefeated baseball team took over undisputed possession of first place in the Adams County League by edging Bermudian 2-0 Thursday on the Thunderbolts' field.

A pair of tainted runs in the last of the fifth inning gave Coach Don Feesser's outfit its sixth straight win, three of which have been shutouts.

Larry Snyder bunted to open the fifth. Bruce Stair doubled. Snyder went to third. Gary Worley walked to load the bases. Snyder was forced at home on an infield grounder by Eddie Knipfle. Stair streaked home of a passed ball and Worley scored a short time later on the catcher's throw to first base following a dropped third strike.

Worley and Bob Weigle of Bermudian hooked up in a pretty pitchers' duel, each allowing but five hits.

Bermudian muffed a scoring chance in the second when it loaded the bases with one out. Littlestown also missed a chance in the fourth when Gary Bollinger tripled with one out.

Choke Off Rally
 Bob Moore, with help from Martin Perez, who choked off a rally with the tying and winning runs in the ninth with none out, picked up the Lancaster victory, his first. Singles by Jesse White and Denny Loudenback and Don Davis' double provided Lancaster with the two runs in the first of loser Dick Slomkowski (0-1).

Bob (Gunner) Gontkosky (1-1) pitched a four-hitter in leading Williamsport to its victory. Danny Cater paced the Grays attack with three hits and Al Kender batted in four runs, three with a bases loaded triple. Frank Smith (0-1) was the loser.

KANSAS CITY BEATS TIGERS SECOND TIME
 By ED WILKS

 The Tigers are terrors no more. After hammering 11 homers and scoring 34 runs while winning their first five games, Detroit's Tigers now have managed to score just once in each of their last three. And they've lost them all.

The Kansas City A's, working behind the four-hit pitching of Dick Hall, made it two straight over the Tigers with a 2-1 victory Thursday night that slipped Detroit into a tie with idle New York for the American League lead.

Chicago's defending champion White Sox beat Cleveland 3-1 on Al Smith's three singles and Billy Pierce's five-hitter. The Baltimore Orioles won their fourth in a row defeating Boston 6-1 and joining the White Sox and Washington in a tie for fourth place at .500.

A's Near Top
 The third place A's, just one-half game behind, beat Southpaw Don Mossi (0-1) with five hits. They scored one in the first on two-out singles by Hank Bauer, Norm Siebern and Bob Cerv, and added the clincher in the sixth on a double by Bill Tuttle and a single by Jerry Lumpe.

Hall, 29, who had only a 6-13 record to show for four years with Pittsburgh, extended the Tigers' scoreless slump to 14 innings before Lou Berberet homered in the eighth. It was Hall's first AL decision. He struck out five, walked just one.

The White Sox defeated right-hander Gary Bell (1-1) for the fourth consecutive time.

Rookie Steve Barber won his first for the Orioles. He walked four and gave up six hits, but struck out six and shut out the Red Sox over the last six frames. The Orioles ripped loser Bill Monbouquette (1-2) for four runs in the first.

The last of the "C" series Titans flew more than 3,000 miles down the Atlantic Missile Range Thursday. The Air Force announced the 98-foot missile achieved all major test objectives and dropped a dummy nose cone in the intended impact area. It was the ninth successful flight in 14 Titan launches.

ALLENTOWN UNBEATEN IN EASTERN LOOP

 Put down strong pitching as another reason the Allentown A-Sox are 6-0 in the Eastern League and two game in front of Springfield.

Bob Heffner, who pitched a one-hitter against Williamsport last Saturday night, turned in a four-hit job last night to beat Binghamton 9-2.

Again Allentown's heavy bats provided more than enough support. The A-Sox collected eight hits, five for extra bases including homers by Kenny Wolfe and Ted Schreiber.

Heffner's second victory without a loss. Ted Murray, first of three Binghamton pitchers, got the defeat. He is 0-1.

In other games Lancaster snapped Springfield's three-game winning streak with a 2-1 victory and Williamsport won its second in a row after five straight defeats, 7-3 over Reading.

 New Oxford at Bermudian

Littlestown High's undefeated baseball team took over undisputed possession of first place in the Adams County League by edging Bermudian 2-0 Thursday on the Thunderbolts' field.

A pair of tainted runs in the last of the fifth inning gave Coach Don Feesser's outfit its sixth straight win, three of which have been shutouts.

Larry Snyder bunted to open the fifth. Bruce Stair doubled. Snyder went to third. Gary Worley walked to load the bases. Snyder was forced at home on an infield grounder by Eddie Knipfle. Stair streaked home of a passed ball and Worley scored a short time later on the catcher's throw to first

FRIEND HURLS 4-HITTER TO BLANK PHILS

By GEORGE ESPER

PHILADELPHIA (AP) — Bob Friend's fast ball is blazing away again, his curve's sharp and down and he's pitching behind what he calls the best Pittsburgh club he's played on. This means plenty of trouble for National League opposition.

The Philadelphia Phillies were the third club to get the message Thursday night as the right-hander gave up only four hits and he struck out 11 in setting them down 3-0 for his third triumph without a loss and the front-running Pirates' seventh straight victory.

The 29-year-old Purdue University graduate fell one short of the all-time Pittsburgh single game record of 12 strikeouts set in 1909 by Babe Adams.

"I didn't know how close I was to the record until someone told me after the game," Friend remarked early today shortly before boarding a plane to Cincinnati where the Pirates open a week-end series tonight.

"We've got a good club—best in my 10 years—and if I get enough starts and have the kind of stuff I had Thursday night this will be the best year in my career," Friend said.

His best year previously was in 1958 when he won 22 and lost 14 in leading the Pirates to a second place finish. But last year, because he went to spring training too heavy and weakened himself by trying to lose weight too fast, he got off to a bad start and he never recovered. He finished with an 8-19 mark as the Pirates dropped to fourth.

Right now Friend is leading the National league in shutouts (2) and is second in strikeouts (32) behind Don Drysdale of Los Angeles (33). He has given up only seven walks and has a 1.06 earned run average in four starts and 34 innings. In his first start against Milwaukee he pitched seven innings as the Braves won 4-3 but the loss went to Roy Face.

After four starts last year Friend was 0-3, his earned run average was 9.00 and he failed to finish a game. As a matter of fact he didn't win his first game until May 20, his 11th start, beating Milwaukee 3-0.

LINCOLN, Neb. (AP) — A burglar alarm at the First National Bank building in downtown Lincoln brought police on the run.

The First National bank had vacated the quarters several days earlier in connection with its merger with another Lincoln bank.

Liston Ahead Of Floyd Patterson

PROVIDENCE, R. I. (AP) — Heavyweight Sonny Liston and flyweight champion Pone King-petch are the boxers singled out by the National Boxing Assn. in its April ratings.

Liston replaced former titlist Floyd Patterson as the top heavyweight contender in the ratings announced by NBA President Tony Macaroni.

Kingpetch, from Thailand, was named the NBA's Boxer of the Month. He defeated Pascual Perez of Argentina in their title fight April 16 in Bangkok.

Dr. H. B. Masters, president of Albright College, Reading, told the delegates the institution will try to raise five million dollars within five years to meet the needs of a rapidly growing enrollment.

He said the most immediate need is for a new dormitory and a science hall. The conference helps support the college.

In other action, merger of three Centre County congregations was approved. The three, Bethesda, Spring Mills and Locust Grove, will be served as a unit of the Centre Hall-Spring Mills Church.

Ordain Four Elders
Bishop Hermann W. Kaebnick, had of the eastern area, presided at the ordination of four elders Thursday night. They are Jack N. Cassel, of New Kensington, Cumberland County; Charles R. Moyer, of Yoe, York County; William L. Raker of Williamsport, and Ralph L. Wright, of Dorsey, Md. The Bower Memorial EUB Church, Berwick, was chosen for the 191 meeting.

The POWER of FAITH by Howard Brodie

Louis Braille lost his eyesight in a childhood accident in 1812. Entering a school for the blind in Paris, he learned his alphabet from wooden letters. Then he "read" large letters impressed on paper but was impatient with a system that required hours to understand one paragraph.

Next, Braille studied music and at 14 became organist for the Church of St. Anne. There he thought of joining the blind friars, but the Canon said, "God may have great plans for you . . . Pray to Him . . . He will show you the way." Louis became one of the great organists of Europe. Yet, he was lonely, could not resign himself to blindness, and was heard to cry out, "Dear God, restore my sight . . . and I'll dedicate my life to helping my blind brothers."

Though he did not gain his sight, but instead was stricken with tuberculosis, Louis helped his blind brothers. After learning of an army captain's system of night writing, he spent days and nights for years perfecting a touch system. Today, the blind read and write in Braille, play instruments from Braille music-scores, learn geography from Braille maps, put Braille labels on canned goods and operate office machines through his system.

Red Premier Hurt Over Nehru Remark

CALCUTTA, India (AP)—Communist Chinese Premier Chou En-lai stopped in Calcutta for half an hour today, on his way home from Nepal, and complained that Prime Minister Nehru had made a statement unfriendly to his government.

"We consider it very unfriendly that when we left India, Nehru told the press and parliament that China had committed aggression," Chou told newsmen.

The Communist premier claimed that Nehru, during their week of talks on the Chinese-Indian border dispute, at no time accused China of aggression against India.

Attractive Split-level Home In Rolling Acres Being Offered For Sale By I. H. Crouse And Sons

A trim, white stone driveway, green lawn and new shrubbery form the setting for the newest home in the Rolling Acres development on the northeast side of Littlestown.

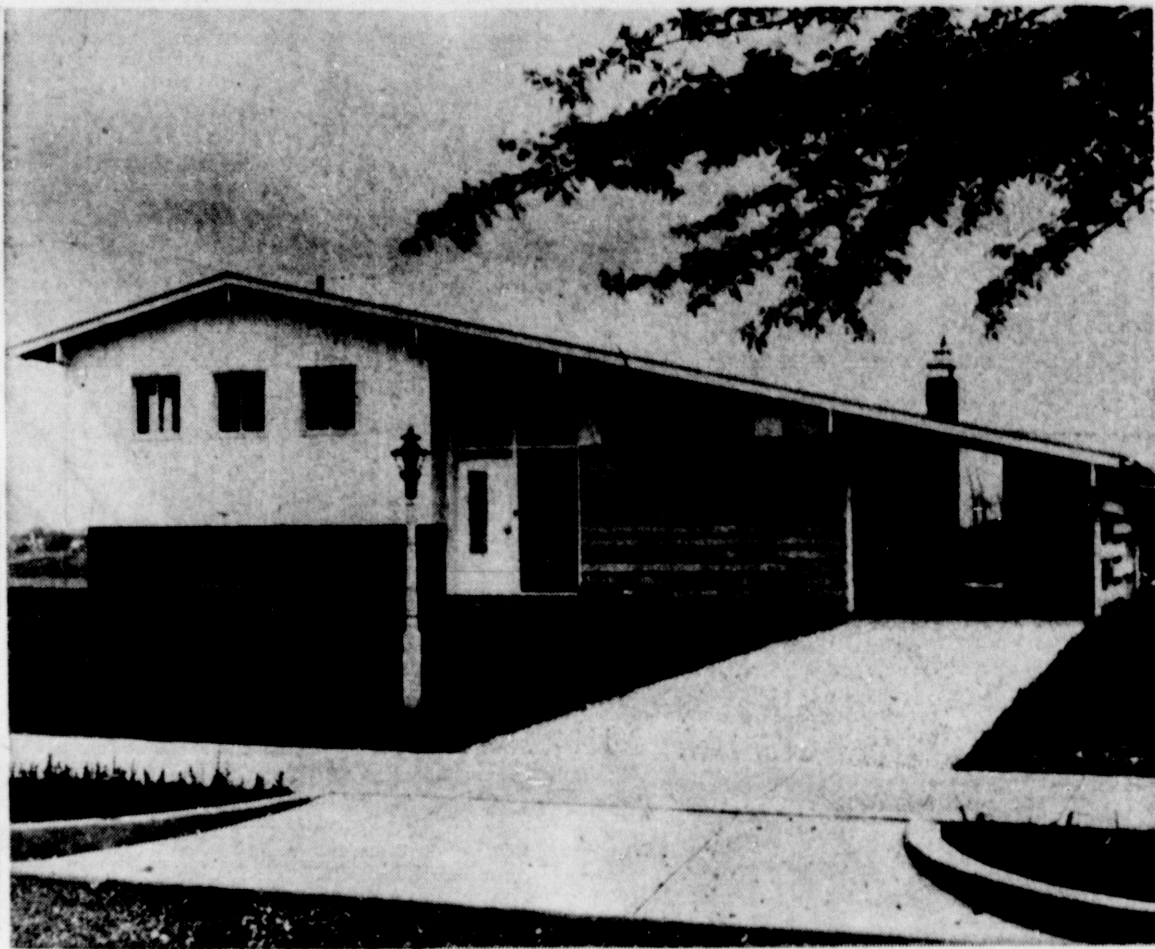

Recently completed by I. H. Crouse and Sons, Littlestown builders and developers of Rolling Acres, the new home is one of the most attractive along pleasant Glenwyn Drive which curves off the Littlestown-Hanover Rd. with its shaded sides flanked by handsome new homes.

The distinctive lines of this new home fit in well with its neighborhood and a treasury of new ideas is offered in this handsome split-level home. The clean, simple lines of its exterior blend nicely into its setting and the combination of building materials is unusually attractive.

Large Family Room
An extended roofline forms the carport and at the same time provides shelter for the front doorway. In the vestibule there is a handy closet. A generous window area there helps to make this a bright and cheerful spot in which to welcome guests.

Also on this level is the living room with windows at front and rear and an open balcony overlooking the large family room below.

On the lower level, the family room, which measures approximately 26 feet by 11 feet, forms the focal point for family fun and relaxation. It is large enough to

accommodate a hobby corner or perhaps a television and music center, as well as family games or party guests.

Three Bedrooms
Large sliding glass doors open to the rear of the house where a wonderful useful and pleasant terrace has been built.

The kitchen, at the same level, is a well-designed one indeed with a tiled cement-slab floor, handy built-in oven and ample work-space and an exhaust hood. A step-saving arrangement of appliances has been provided and there is a pleasant dinette space

in front of the two windows. Next to the kitchen is a combination lavatory and laundry with a built-in sink and provision for a washer and dryer.

On the upper level there is a sleeping area, consisting of three bedrooms and a full bath.

1,500 Square Feet
The hallway at this level really is a balcony overlooking the vestibule and one bedroom could be converted into a guest room or snug den.

To the rear in the left corner is a spacious master bedroom with two window exposures and two spacious closets. The front bedroom has three windows and an extra large closet. The family bathroom also boasts a built-in closet. In the hall there are a linen closet and a storage closet.

The overall dimensions of the new home are 21 feet, eight inches, by 50 feet six inches. Excluding the carport, the lower level of the house covers 820 square feet. Altogether the house includes almost 1,500 square feet of living area.

Equipped with modern, base-board, hot water heating system, fired by gas, it has oak hardwood floors excepting in the kitchen, family room and bath.

I. H. Crouse and Sons at Littlestown, telephone 451, have this new home for sale. Inquiry there

will disclose a selling price that is as attractive as its neighborhood, its setting and all the striking features of this outstanding new home.

Super-Rocket Gets Ground Test Soon

NEW YORK (AP)—All eight engine rockets of the new Saturn super-rocket will be fired in a ground test for the first time in a day or two, says space scientist Werner Von Braun.

Von Braun calls the test a milestone of progress, in which more than 1,200,000 pounds of thrust will be developed.

The test-firing will take place at the Army Ballistic Missile Agency at Huntsville, Ala., where Von Braun is director of the development and operations division.

Von Braun announced the test Thursday night in addressing the annual dinner of the Bureau of Advertising of the American Newspaper Publishers Assn. The dinner was the final event of the annual press week here in which leading newspaper groups participated.

Game Wardens Use Blackout Lights

PIERRE, S.D. (AP)—Blackout lights, familiar to combat soldiers of World War II and Korea, are finding a new purpose in South Dakota.

Game wardens are using them to increase the safety factor in chasing down persons poaching game by night. The state service began installing the blackout lights on patrol cars after two wardens were injured when their vehicles collided head-on as they were attempting to trap a deer poacher.

HOUSE GROUP ADDS AND CUTS DEFENSE BILL

WASHINGTON (AP)—The House Appropriations Committee revised many sections of President Eisenhower's 1961 defense budget today in a \$39,337,867,000 bill to finance the Defense Department for the year starting July 1.

Adding here and cutting there, the committee came up with a total \$129,167,000 more than Eisenhower had requested in a revised program submitted in March, but only \$2,867,000 more than he sought in the January budget message.

The committee voted extra money for more attack and Polaris submarines, more National Guard and reserve forces, a greater lift capacity, more fighter planes to replace trouble-plagued Bomarc missiles, and an expanded airborne alert capability.

Did Some Slashing

The \$1,529,700,000 added by the committee to presidential requests was largely offset by reductions totaling \$1,407,800,000. Larger cuts included a 400-million-dollar slash in general procurement funds to force "more economical practices," denial of 293 million sought for a new conventional supercarrier, 294 million cut from the Bomarc program, and a reduction of about 10 per cent in civilian payrolls.

In a 79-page explanation of its action written by Rep. George H. Mahon (D-Tex.), the committee said "better defense for the dollars expended" should be the result of the budget shake-up.

"The additions made will unquestionably add greatly to our defense," the committee said. "The reductions were made to effect economies wherever possible. . . . The fatal mistake of too little and too late must not be made. . . . We should maintain our armed forces in such a way and with such an understanding that should it ever become obvious that an attack before the aggressor has hit either us or our allies. This is an element of deterrence which the United States should not deny itself. No other form of deterrence can be fully relied upon."

The committee's recommendations are subject to House action next week.

If approved by Congress, the funds would provide for 2,489,000 military personnel during the coming year, 31,880 planes in the active aircraft inventory, and 817 commissioned ships in the fleet, including 382 warships.

Victor Hugo, noted French poet and novelist, qualified one of his opinions with, "There are many lovely women, but no perfect ones."

Foreign Aid Is Debated In Senate

By ERNEST B. VACCARO

WASHINGTON (AP)—President Eisenhower could count two victories and one defeat as the Senate continued debate today on his foreign aid program.

He won one important fight Wednesday night when the Senate defeated 32-27 an amendment by Sen. Frank Church (D-Idaho) to slash 200 million dollars from his request for two billion dollars in military assistance funds. The actual amount will be determined in a later money bill, in which even larger cuts may be made.

Another administration victory was the 44-33 defeat of an amendment by Sen. John Marshall Butler (R-Md.). It would have required that 50 per cent of American-financed shipments to the proposed Indus Basin development project in India and Pakistan be moved in U.S. ships.

Church Dress No Problem Say Clergy

By TOM HENSHAW
AP Religion Writer

NEW YORK (AP) — How well do people dress for church? Do they still wear their "Sunday best" to worship? How do clergymen feel about confronting congregations in sports clothes?

The American Institute of Men's and Boys' Wear recently polled some 200 priests, ministers and rabbis in the New York area and found that three out of four have few if any complaints about church dress.

In fact, a number of clergymen expressed regret that people are overly conscious of their church-going clothing. Said the Rev. George D. Younger and Rosenwald C. Robertson of Mariners' Temple Baptist Church:

Called Travesty

"We feel strongly that the concept of 'Sunday best' is a travesty on the Christian gospel. God beholds not the externals but the hearts."

"We are working with all our might to convince people that it does not matter how they dress when they come to church, so long as they will come."

"People should feel that they must be neat and clean when they come to church," said the Rev. Bradford W. Ketchum of St. John's Episcopal Church, Pleasantville, "but they should not be clothes-conscious."

The chief complaints stemmed from the dress—or lack of it—during the simmering summer season now approaching. Chief offenders: Women.

"Warm weather is no excuse for coming to church improperly clothed," said Msgr. Francis Cagnina of the Church of St. Clare in the Bronx.

Women who dress improperly, added a Manhattan rabbi, should be educated to know "that they should wear long-sleeved dresses to religious services and hats, that décollete dresses are in bad taste."

With men, he said, "ties and jackets should be worn even in warm weather."

The Master's Touch

God must love beauty, to use it so lavishly. The Master Artist dapples the soft green leaves with golden sunshine, turns the brook to flowing crystal, and puts a song into Spring itself.

There is beauty in us, too . . . because He put it there. In His sight, none of us are ugly, none of us are forsaken, none of us are "lost."

But sometimes, in the busy process of day-to-day living, we turn blind eyes upon the world's loveliness, and take for granted the gifts which should brighten the hours and years. We need a faith that gives us vision to find again the inner beauty He gave us in the beginning . . . a gift which He never takes away. Let us go, then, to His Church. Let us "enter into His gates with thanksgiving . . . for the Lord is good; His mercy is everlasting; and His Truth endureth forever."

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

PA. DELEGATES SHOULD VOTE THEIR CHOICE

HARRISBURG (AP) — Pennsylvania's 142 delegates to the Democratic national convention should be permitted to vote for their own presidential choice on the first ballot, says House Speaker H. G. Andrews.

The veteran Cambria County lawmaker, outspoken supporter of Sen. John F. Kennedy for the Democratic presidential nomination, indicated Thursday such a move would show how much strength Kennedy has.

In an impromptu news conference, Andrews reviewed Kennedy's impressive total of more than 170,000 write-in votes in Pennsylvania's preferential primary Tuesday. The Massachusetts senator polled more than 70 per cent of the write-ins cast for five Democrats, none of whom were on the written ballot.

W.Va. Test "Valid"
"It (the primary result) was a gentle hint to the governor that he should leave the first ballot choice to the district delegates themselves," said Andrews.

Gov. Lawrence repeatedly has refused to commit himself for any of the Democratic hopefuls. Pennsylvania will have 81 votes at the convention; each delegate casting a half vote.

Andrews said Kennedy, a Roman Catholic, was right in saying his chances for the nomination may rest on primary voting in West Virginia, a predominantly Protestant state.

"If he gets slaughtered there the same type of constituent will vote against him elsewhere," said Andrews.

To Watch Spending
Andrews made his remarks following a meeting of the Legislative Watchdog Committee. He had boycotted the organizational meeting last month because of differences with Senate President Pro Tem M. Harvey Taylor.

They were named co-chairmen of the committee at the first meeting, Thursday on Andrews' motion. Taylor was named sole chair-

Braddock's Fire Bug Strikes Again

PITTSBURGH (AP) — Firemen in suburban Braddock believe the "firebug" has struck again.

After fire damaged a row of nine houses Thursday night, Fire Chief John Morenzi said, "It looks like the firebug again."

Several fires have broken out in Braddock recently, and firemen think the blazes were set deliberately.

Firemen estimated last night's damage at \$10,000. Only four of the damaged homes were occupied. The houses are located in an area slated for redevelopment.

One man suffered minor burns.

Fairfield

FAIRFIELD — Mr. and Mrs. Frank Lowe are visiting relatives in Tennessee.

Construction work was started last week along the Orrtanna Rd. for a new home for Dr. and Mrs. James Hammett and family.

Mr. and Mrs. J. Warren Martin and family spent Sunday with Mr. and Mrs. Jacob Fisher, Ephrata.

The infant daughter of Mr. and Mrs. Gary Bechtel has been named Susan Dee.

Miss Jean Bushey has returned from Alamogordo, N. M., for a visit with her parents, Mr. and Mrs. Joseph Bushey.

Mrs. Harry Kane and Mrs. Robert Fite attended the NCCW convention held at Sunday on Monday as delegates from St. Mary's Parish Council NCCW.

The Fairfield 4-H will hold a reorganization meeting next Tuesday at 4 p.m. in the Lutheran parish house. All girls from 10 to 20 years of age are invited to become members. The selection of the summer project will be made at this meeting and games will be played. The 4-H leader is Mrs. Edward Snyder and the junior leader is Miss Phyllis Snyder.

Newman's Superette will celebrate the 33rd anniversary of its man and Andrews was elected as vice chairman.

The committee, set up as a permanent watchdog on administrative spending, scheduled its next meeting May 10.

TORNADOES CHURN THRU OKLAHOMA

OKLAHOMA CITY (AP) — Tornadoes churned straight as a string down a 50 mile stretch of central Oklahoma Thursday night, destroying or damaging dozens of homes and causing at least 31 injuries.

One death was attributed indirectly to the twisters which were first spotted over Anadarko before sundown and last reported over Oklahoma City. Loyde Walters, an Oklahoma City man, died early today of a heart attack he suffered when his house was damaged by the storm.

The sprawling Oklahoma capital city was hardest hit. "It's impossible to make an estimate of damage at this time," said City Manager Sheldon Stirling early today. "Right now we are most thankful there were no deaths."

Homes Flattened
Most of the damage here was from roofs torn from buildings and homes by the twister, which apparently passed over at rooftop level. Two homes were destroyed and trailers in a trailer court overturned.

In the tiny farm community of Pocomas, 50 miles southwest of here, two homes were flattened by a tornado and two others heavily damaged.

At Tuttle, 10 miles northeast of Pocomas, a twister clipped a side off the high school gym, wrecked a cotton gin, a school bus garage and three houses.

Plan Meeting On Milk Price Fixing

MEADVILLE, Pa. (AP) — The steering committee of the Western Pennsylvania Milk Producers will meet with Joab Mahood, chairman of the state Milk Control Commission, in Harrisburg Tuesday.

James Skelton, committee chairman, said Thursday the purpose of the meeting is to present to the commission the various problems of the milk producers, particularly the "low return" they are getting from milk sold.

The group was formed last month to study milk prices in the state. It consists of 250 to 300 producers.

SEARCH FOR INFANT TWO BOYS FOUND

HAHIRA, Ga. (AP) — Search resumed today for an infant reported to have been seen with two little boys found abandoned in a briar patch not far from busy U. S. Highway 41 near this small south Georgia town.

The latest development in the strange case sent police and more than 100 persons tramping through the swamps and woods half a mile north of Hahira Thursday night. However, no trace of a baby was found in the thick undergrowth.

The report of an infant came from John Ruth, a Negro yard man who said he was about 10 feet from the children Tuesday afternoon and that the older boy was carrying a baby.

No Identification
Ruth explained he didn't say anything about it at the time because he thought their parents were fishing nearby.

The boys were found dirty, hungry and crying in the briar patch Wednesday night by Mrs. Grady Darby after she heard whimpering noises near her home.

The older boy identified himself as Tommy, 4, and his brother as Johnny, 2.

The lads didn't know their last names, the names of their parents, or where they came from. Investigators said there were no laundry marks, tags, or other means of identification on their clothing and that they had absolutely no clues as to who they were.

Besides smoke signals, Indians once waved blankets or rode ponies in certain designs to carry messages to friendly tribes watching from afar. Waving blankets rapidly over their heads signified: "Be alert. Enemy is coming."

Lunch Counter Sit-Downs Are Aimed At Ending Segregation In Public Dining Facilities

By PERRY MULLEN
Associated Press Staff Writer

A tiny seed planted in the winter soil of North Carolina burst into sudden bloom all across the South this year with the advent of Dixie's languid spring.

Negro college students in many parts of the South adopted a form of passive resistance to end segregation of public dining facilities with lunch counter sit-downs.

Four Negro college students staged the first Southern lunch counter sit-down Feb. 1 at Greensboro, N.C., closing down an F. W. Woolworth lunch counter there. They said they acted spontaneously. Others maintained that the Congress of Racial Equality was behind their demonstration.

CORE helped

CORE, action arm of those fighting for racial equality, admittedly helped bring the original Greensboro seed to full bloom in some areas of tear gas, fire hoses and tension.

Leon Holt, a Negro field secretary for CORE, said he helped

form a chapter of the congress at Atlanta March 23. Two nights later, its members picketed a large department store where Negroes had been refused lunch counter service.

Still later in the Georgia State Capital Building in Atlanta an aged Negro looked on in wonder as 12 Negro college students sought service at an all-white cafeteria.

Ugly Outlook

The Atlanta student demonstrations went off without any serious incidents. But Mayor William B. Hartsfield advised Negroes against a continuation.

Elsewhere in the South, the situation brought on by the sit-downs threatened to grow ugly. White Southern groups served notice they intended to stand on their rights as they saw them.

In Montgomery, Ala., capital of the old Confederacy, 500 city, county and state police broke up a Sunday mass meeting of Negroes and dispersed a crowd of 5,000 white persons.

Montgomery County has 105,650 whites and 70,730 Negro residents. The privately operated grill was closed for a week and reopened with signs at the entrance reading: "Service restricted to employees of the courthouse and their guests."

Won't Educate Agitator

Gov. John Patterson threatened to cut off state funds to the Negro college.

"Citizens of this state do not intend to spend their money to educate law violators and race agitators," he declared.

Nine of the student leaders were expelled and 32 were fined \$200 each for disorderly conduct and ignoring police orders. They were released on bail pending appeals.

Edward Strickland, assistant attorney general of Alabama, accused CORE of rehearsing the

LIVING COSTS EXPECTED TO KEEP RISING

By SAM DAWSON
AP Business News Analyst

NEW YORK (AP)—One thing at least is going just as expected. The cost of living is rising and probably will keep on going up till summer.

This comes at a time that average take-home pay for the nation's factory workers is falling. The cost of living is rising and probably will keep on going up till summer.

It also comes as business executives are explaining to their stockholders that the costs of doing business tend higher, but that keener competition and some consumer price resistance keep management from passing along all, and sometimes not even part, of this cost in higher prices.

Margins Being Squeezed

Hence, profit margins are being squeezed and this year's earnings gain over last year will be slimmer than the year ago increase over the previous periods.

The stock market already had noted that prospect and adjusted prices accordingly.

There are explanations for this over-all rise in the cost of living while manufacturers say they can't raise their prices as desired. If the housewife and the family budget juggler have the patience for the explanations, here they are:

Foods To Blame

The cost of living is rising chiefly because food prices normally go up in the spring. Since this is

courthouse sit-down in advance on the Alabama State campus.

"No Good Will Come"

Declared Lt. Gov. Albert Boutwell of Alabama:

"No good can be accomplished by the sit-downs. The purpose is to agitate, gain notoriety, create racial strife and strengthen their organizations. They must have racial strife to continue in existence. It is obvious that they are trying for publicity because the press is always tipped off in advance of the demonstrations."

Another tense situation arose in Tallahassee, Fla., after lunch counter demonstrations by students at all-Negro Florida A. & M. University. City officials cracked down hard and Gov. LeRoy Collins observed later:

Appeal Sentences

"This caused conditions to become aggravated. We had armed patrolmen—state, county and city—patrolling every street because we had the wildest rumors imaginable going on there about what was to happen."

Ira Robinson, president of the Student Union at Florida A. & M., said CORE instigated the first three of four demonstrations by the students. The fourth, he added, was in protest against the arrest of 11 student demonstrators. Convicted of disturbing the peace, they were given 60 days in jail and fines of \$300—sentences now being appealed.

History Is Recreated On Closed TV Circuit For 50 Prominent Men, Women

By EDWARD NICKERSON
NEW YORK (AP)—"There is more of who's who here tonight than has ever been put together in one place."

The comment came from veteran newsman H. V. Kaltenborn as he surveyed a glittering array of the nation's great, gathered at the Waldorf-Astoria Wednesday night for a unique dinner program. They saw the history they themselves made "recreated" in vivid, moving fashion on closed circuit television.

From Dust Bowl to mushroom atomic cloud, from Ethiopia to Korea, the events of the past 25 years were dramatized on a 20-by-15-foot television screen, with accompanying narrative, sound effects and music.

Cabinet members, labor leaders, the biggest single item in most budgets, the rise hurts quickly. It is felt particularly by those factory workers whose work-week has been shortened, or who have been laid off for short or long periods while output is being brought in line with sales.

Prices on the new spring lines of clothing tend a bit higher—as predicted—because wage scales had been adjusted upward.

Prices on new homes and furnishings strengthened, partly because of higher interest rates for mortgages, partly because of higher material and labor costs.

Medical Care, Too

Medical care just keeps on rising, following a long-term trend. And people find many of their favorite forms of recreation costlier, as such personal care items as laundry, haircuts and beauty treatments.

These were predicted and they are of the creeping rather than the galloping kind.

The latter didn't come along as once feared by many. That is why economists say that the threat of another big round of inflation has been laid.

Boom Didn't Come

This fear was based on the earlier expectations that the settlement of the steel labor dispute would set off a big business boom. In such an atmosphere industry could more easily pass along in higher prices any increase in operating costs.

Business was expected to build inventories at a brisk rate for a prolonged period—a condition which would have favored price rises of manufactured goods.

The boom didn't materialize. Inventories were rebuilt to required levels but not beyond. Competition became keener if anything.

And so the rise in the cost of food and services, but very little in industrial products. Stock market bulls have been disappointed but the money managers in Washington are breathing easier.

Now if only the family budget keeper could too.

industrialists, scientists, New Deal officials, Republicans, Democrats were among the 50 honored guests.

Each received a "Living History of America" award from the Research Institute of America, the sponsoring organization. The institute, a private, industry-supported business advisory organization, is celebrating its own 25th anniversary.

Some 1,500 other guests applauded the celebrities as the television screen and narration showed how each had made history. The photographs were selected from among hundreds of pounds of pictures in the files of Life Magazine and The Associated Press.

Reception Is Held

At a reception before the start of the dinner, a casual glance showed:

Mrs. Franklin D. Roosevelt in an ivory gown of lace, sitting in a corner. Next to her on one side was Dr. Leo Szilard, the man who shares the patent with the late Enrico Fermi for developing the first sustained nuclear chain reaction. Szilard, who has cancer and has been told he has not long to live, was given special permission to leave a hospital to attend.

On Mrs. Roosevelt's right, sat Adm. Chester Nimitz, Thurman Arnold, Franklin D. Roosevelt's trust-busting attorney general, meanwhile was threading his way through the crowd to greet former Secretary of State James F. Byrnes, Clare Boothe Luce, Henry Cabot Lodge, David Lilienthal and many others could be seen.

Standing nearby was Gen. Mark Clark, not far from him Fleet Adm. Chester Nimitz, Thurman Arnold, Franklin D. Roosevelt's trust-busting attorney general, meanwhile was threading his way through the crowd to greet former Secretary of State James F. Byrnes, Clare Boothe Luce, Henry Cabot Lodge, David Lilienthal and many others could be seen.

CHORUS GIRL IS STARRING IN THE REDHEAD

By BOB THOMAS
AP Movie-TV Writer

HOLLYWOOD (AP)—The entertainment scene:

It was a gala opening at the Civic Light Opera season this week for the return of Gwen Verdon, once a dancer in the chorus. She came back as the most versatile star of the musical theater, dancing, singing and acting up a storm in "Redhead."

The triumph is even greater for the Culver City, Calif., girl who made good in the Big Town because of the vehicle. It is an old-fashioned amalgam of musical comedy techniques, but the presence of Verdon makes the stage incandescent.

All Good Seats Sold

The Civic Light Opera once presented a yearly repertoire of four operettas in four weeks. This year's season lasts six months and all the good seats are sold out. Other attractions: "Flower Drum Song," "Showboat," "Destiny Rides Again."

Jerry Lewis is playing to big crowds at the Moulin Rouge these nights and he's in good form. The more he relaxes, the better Jerry is, but it's a difficult thing for him to do.

Jerry has one lapse. Even with kids in the front row, he insists on using risqué material. There's no reason for a comic of his talents to purvey dirty jokes, especially with tender ears nearby.

The highbrow critics will have

a field day attacking "Pollyanna," but it may be Walt Disney's biggest money-maker. It is pure sentiment without apology, but wonderful Hayley Mills provides just enough tartness to cut the treacle. The film restores a degree of human dignity to the screen.

"The Fugitive Kind"

On the other hand, take the current "The Fugitive Kind." Marlon Brando plays a guitar-playing bum run out of New Orleans for taking part in a stag show. Anna Magnani, in the role of a woman married to a dying man, becomes pregnant by Brando, the second illegitimacy the character has had. Joanne Woodward plays a self-admitted lewd vagrant who alternates between chasing men and the bottle.

It will be interesting to see which film earns the most money. "Pollyanna" or "The Fugitive Kind."

COLBERT IS STILL BOSS AT CHRYSLER

DETROIT (AP)—Chrysler Corp. has a new president today but there is no doubt that L. L. (Tex) Colbert will continue to be the boss.

Colbert, president since 1950, moved up to chairman of the board Thursday and was succeeded by William C. Newberg, who since 1958 has been executive vice president of Chrysler, junior member of the auto industry's big three.

Colbert retained his title of chief executive officer. Newberg will be chief operations officer.

Divides Duties

"Bill will run the day to day operations," Colbert said at a news conference in Detroit Thursday night. "I will have general overall charge of the corporation."

But a few moments later Colbert said: "I will be very active in the day to day operation. I expect to be just as active in the next two, five or 10 years as I have been for the past 10 years."

Colbert, 54, dominated the news conference, fielding virtually every question. Only at the very end of the 45 minute session did Newberg enter into the answers.

Colbert Still Boss

Newberg, erect and freckle-faced, set the tone of the session even before he formally started when he was asked how much of a raise he got. (His salary has been \$125,900 a year.)

"You'll have to ask the boss," he said with a smile, pointing to Colbert.

Colbert said he didn't want to talk about salaries.

WINCHESTER, Va. (AP) — A

fast-stepping Windber, Pa., Senior High School band won top honors Thursday night in its division in the Shenandoah Apple Blossom Festival Firemen's Parade.

In junior drum and bugle corps competition, Chambersburg, Pa., placed third.

PITTSBURGH (AP)—Albert P. Glasser, 46, charged with separation and neglect by his wife, staggered and mumbled wildly as he went before Judge Frederic G. Weir Thursday.

"Whew! you are drunk," Judge Weir said. "I can smell you up here. You are going to jail for contempt of court. This case will be tried Monday—if you're sober by then."

PHILADELPHIA (AP) — Law-

yers for Mrs. Ethel Kravitz, convicted of second degree murder in the slaying of her husband, in their suburban Wynnewood home, Thursday asked the State Supreme court to reconsider its ruling.

11 KILLED IN PLANE BLAST IN VENEZUELA

CARACAS, Venezuela (AP) — Government investigators are trying to determine if a madman or a saboteur planted a bomb aboard a small Venezuelan airliner which exploded and crashed in the central plains Thursday, killing 11 persons.

Two passengers — a Spanish grocer and a Venezuelan woman — survived, gravely injured, but were still unconscious.

Government intelligence agents, who announced Thursday night that the plane had been blown apart by a bomb, meanwhile looked into the history of the passengers.

With tension still high as a result of last week's unsuccessful revolt led by former Gen. Jesus Maria Castro Leon and reported threats of a new invasion, local newspapers speculated the bomb had been set by political terrorists.

One rumor attributed the bombing to a White Russian passenger, Vyacheslav Lavinski, who apparently was a resident of Venezuela.

Nothing from official sources, however, indicated support for these theories. Lavinski was one of four passengers listed as foreigners.

The twin-engine DC3 of Linea Aeropostal Venezolana crashed in flames just outside the hamlet of El Rastro, an hour after it took off from Caracas for the river port of Ayacucho, on the Colombian border.

PANAMA (AP) — Crude red swastikas were sprayed Thursday night on automobiles parked outside a synagogue where memorial services were being held for Jewish victims of the Nazis.

The Supreme Court ruled April 18 that Mrs. Kravitz' second degree conviction was justified.

Biglerville Bows To Bubblers 5-3

The Biglerville High School baseball team dropped a 5-3 decision to Boiling Springs at Biglerville Thursday.

As the result of the loss Biglerville now has a 3-5 overall record. The Canners will meet Gettysburg at Biglerville Monday in a South Penn League game.

Score by innings:
Boiling Springs 003 020 0—5-8-2
Biglerville 000 120 0—3-4-1

FTC PROPOSES TO BAN PHONY ADVERTISING

WASHINGTON (AP)—The Federal Trade Commission today announced a campaign to help protect the public against phony and misleading advertising of guaranties and warranties.

The FTC published a seven-point guide which tells business and the public exactly what kind of advertising in this area is legally acceptable.

Private enterprise was urged to abide by the new rules voluntarily. The commission said firms which refuse will be charged with using unfair methods of competition and deceptive practices.

In general, the guides require that all advertising of guaranties spell out any strings which are attached. Also, if the guarantee makes an implied claim, this must be a truthful one.

Receive Complaints

For example, if a battery manufacturer advertises a "36-month guarantee" his batteries must have a normal life expectancy of at least 36 months.

Robert T. Secrest, acting chairman of the FTC, said in a statement that the agency "constantly receives complaints from trusting purchasers who later discovered the actual guarantee was not what the sweeping and unqualified advertising statements implied."

Secrest said it isn't enough merely to describe an article as guaranteed.

News Briefs

WARSAW (AP) — Communist attempts to block the building of a Roman Catholic church in the model steel town of Nowa Huta set off a riot Wednesday, according to reliable reports here.

Communist authorities refused permission for building a church in Nowa Huta, contending there was more need for other buildings. The church site has been earmarked for a school.

PHILADELPHIA (AP)—Magistrate

John Coyle Thursday discharged 58 cases of alleged Blue Law violations.

His action came after Judge Raymond Pace Alexander of Common Pleas Court ruled last the law was unconstitutional in that it discriminated against non-Christian religions by banning selling of certain items on Sunday.

The U.S. Supreme Court will review the Pennsylvania law, probably next fall.

DERBY WON'T BE EASY RACE

By ORLO ROBERTSON

Associated Press Sports Writer

Bally Ache and Venetian Way get their chance Saturday to show that the May 7 running of the Kentucky Derby will not necessarily be a one-horse show by Tompion.

They are scheduled to start hopefuls in the 7 furlongs of the Stepping Stone Purse at Churchill Downs.

Tompion, C. V. Whitney's stretch-running son of Tom Fool, showed Thursday why he is the 7-5 favorite for America's glamor horse race. He shook off Victoria Park in the stretch of the Blue Grass Stakes at Keeneland and

won by 2 3/4 lengths.

The Whitney colt's time for 1 1/4 miles under derby weight of 126 pounds was an impressive 1:48 3-5. Then he caused the clockers to take a second look at their watches as Willie Shoemaker rode him out the derby distance of 1 1/4 mile in 2:01 4-5. Only four derbies have been run as fast or faster. The derby record of 2:01 2-4 was

hung up by Whirlaway in 1941.

Bally Ache and Venetian Way may not have the Stepping Stone all to themselves since it is at only seven-eighths of a mile. That's three-eighths of a mile shorter than the derby.

Also expected to get their final derby warmups in Saturday's race are Eagle Admiral, Divine Comedy and Never Give In.

"Let's stop fiddling around and get whole house GAS Air Conditioning"

George: Costs too much.

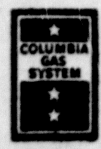

Casper: Does not. We're buying a new house anyway. We can put in an Arkla-Servel Central GAS Air-Conditioning System that both cools and heats. Comfort conditions the entire house year 'round. The whole thing can be included in our mortgage payments for as little as \$10.00 more a month.

George: Costs too much to run.

Casper: Not a Gas Air-Conditioning System. Friend of mine lives with a family that has one. Their average monthly bill to both cool and heat with Gas is surprisingly low. And with a Gas System there are no moving parts to wear out.

George: You've convinced me. Let's get one.
